Java Software Developer

Despre mine

I love music, walking and sports. I easily make new acquaintances and actively maintain dialogue. Responsible, sociable and active. I know how to work in a team, I always try to learn something new

1)Good knowledge of the Java programming language

- OOP

- Spring

- Hibernate

- Maven

- JUnit

2) I have a good command of the SQL query language for working with Databases. Worked with PostgreSQL and MySQL databases

3)Additionally:

- I am proficient in Git and have worked with HTML/CSS/JS.

- I have basic skills in React and Docker

Experiența profesională

Software developer · Unifun International

Octombrie 2022 - August 2023 · 11 luni

Involved in the refinement, updating, testing, development and production of the SMS gateway project. Worked with Hibernate, Maven, Git, MySQL, PostgreSQL, Spring. Developed a web interface for the project. Familiar with HTML/CSS/JS. Worked with React and Docker.

My achievements:

Successfully introduced an update to improve the speed and quality of data processing in the SMSGW project.

Developed a Web interface for the SMSGW project.

Integrated the API into the SMSGW project to work correctly with the interface.

Инженер электронщик · Comertbank

Iunie 2021 - Octombrie 2021 · 4 luni

Maintenance of digital equipment, technical support, installation and configuration of software. Participated in successful migration to a new domain.
