UI/UX Designer, WEB & Graphic Designer

Despre mine

- 3 years of hands-on experience as a UI/UX, Web & Graphic Designer I've been creating user-centric designs for websites, landing pages, CRM systems, and complex web platforms using tools like Figma and Adobe Creative Suite.

- Contributed to the design of multiple projects I developed designs for responsive and visually appealing websites, improving user experience through wireframes, mockups, and interactive prototypes. I've utilized Figma for collaborative design processes and Adobe Creative Suite for detailed visuals and branding elements.

- Enhanced project delivery by implementing efficient design systems By creating reusable UI components and design systems, I reduced the time needed for new feature design and ensured consistent user interfaces across various projects.

- Collaborated within Agile frameworks Worked closely with developers, product managers, and other stakeholders within Scrum teams to iterate and refine designs based on feedback. I actively participated in all stages of the design and development process, from initial concept to final handoff.

Experiența profesională

UI/UX Designer · BitSoft Moldova

Noiembrie 2023 - Prezent · 11 luni
